

Mobile & Web Development Services

Your Knowledge Partner

INTRODUCTION

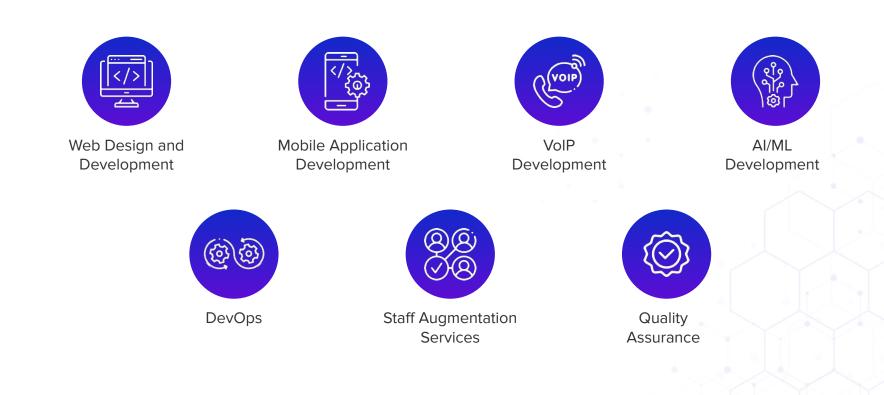

Founded in: **2007**

Successfully offering custom, innovative development services for more than a decade.

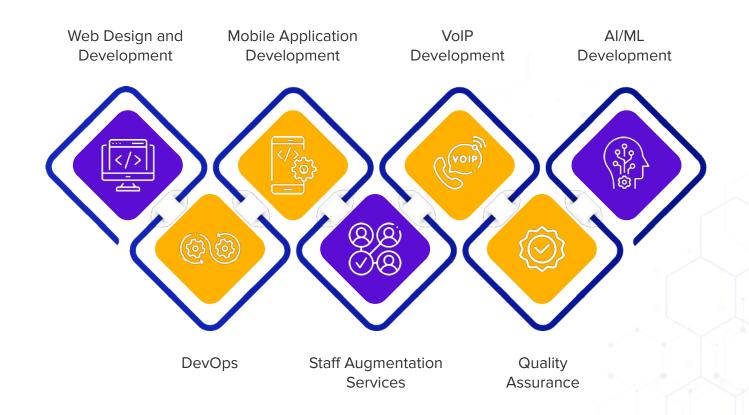

"Every project has challenges, & every project has its rewards."

Committed to delivering best-in-class services with proven project management practices incorporating more than a decade of experience.

Transparent Process

From the initial stages of ideation, through production, and delivery, we keep you informed and updated at each stage.

100% Quality Assured

We deliver bug-free, robust, highly scalable, secure solutions and applications.

Customer Satisfaction

We offer the highest quality custom software and value for money.

Flexible Engagement

We provide flexible engagement models to meet the business requirements of our clients.

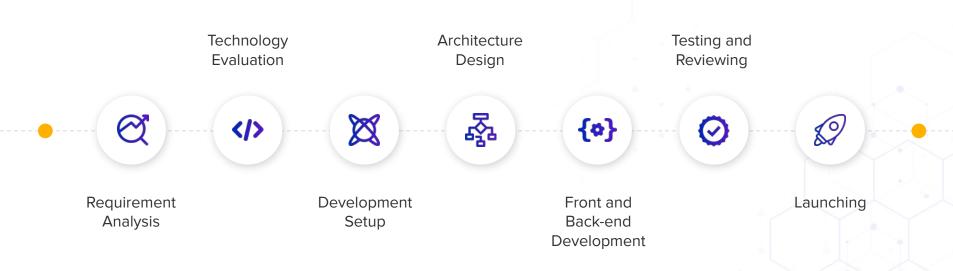

24/7 Support Services

We provide 24/7 support service to assist our clients in real-time.

We treat our client's security and privacy with the utmost respect, as a trusted partner.

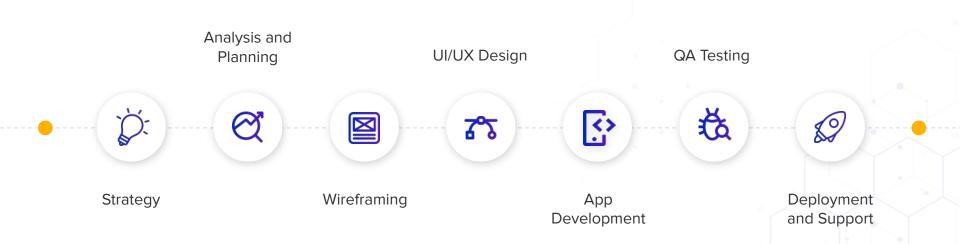

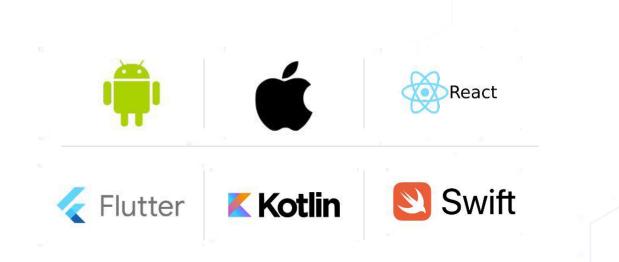

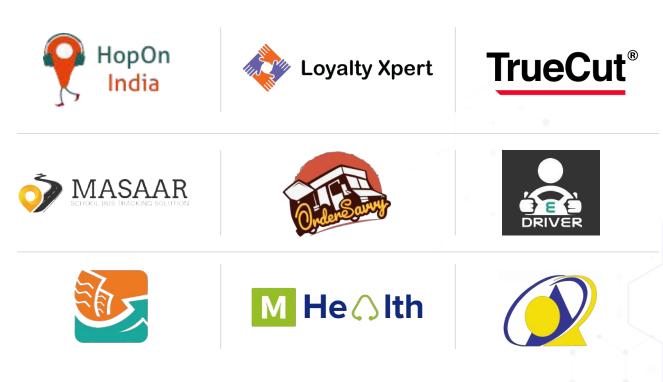

HopOn India

Take Self guided Virtual Audio tours using your GPS location. To have this app is like to have a tour guide you can carry in your pocket.

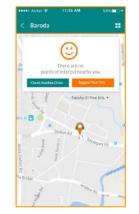

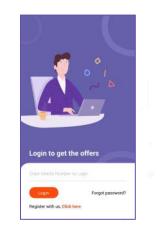

LoyaltyXpert

A highly customizable loyalty points management platform that gives you the complete freedom to provide a rewarding program to your customers .
